Ripple Vanity Mining Pool

Constitution

Constitution Version 2.0.1

The Ripple Vanity Mining Pool (hereafter "Club") is a private unincorporated association managed and run by StarStone Limited (hereafter "Manager") under the laws and jurisdiction of New Zealand and in accordance with this constituting document.

Purpose:

- The purpose of the Club is to pool and share computational resources for the common goal of mining Ripple vanity addresses.

Member Benefits:

1. Members are entitled to 75% of the revenue from sales of vanity addresses they mined on their hardware.
2. Any address that a member has mined within the past 48 hours may be purchased for the remaining 25%. If the remaining 25% is more than 50 XRP and the address is for personal use then the member may purchase it for 50 XRP.

Member Responsibilities:

1. The Club provides its members internal and private computer code binaries used for mining Ripple vanity addresses. These binaries are under no circumstances to be leaked or distributed to non-Club members and in particular are under no circumstances to be distributed to the public.

2. Each member must nominate a payout address. Each payout to this address is final and no refunds will be provided for a defective or incorrectly stated payment address.

General Rules:

1. Membership to the Club is granted by invitation only. You may request an invitation from any existing member.
2. The non-refundable fee for joining the Club is 5 XRP.
3. All fees are collected and held on behalf of the Club by the Manager.
4. Any excess liquid funds held by the Club at the end of each day are paid to the Manager as a fee for managing the Club.
5. The Manager has the right to refuse or cancel any membership.
6. All disputes howsoever arising that relate to the Club shall be adjudicated by the Manager or their delegate, and their ruling is final.
